Notes on the Use of the Logos

The logo of Medical Innovations Incubator GmbH and the logo of the Foundation for Medical Innovations are protected by copyright and may only be used for purposes approved by the respective institution.

The following usage instructions must be observed:

- The logos must be clearly visible.
- The logos may not be falsified or changed in terms of font, shape or coloring. The use of individual components is not permitted.
- The logos are to be reproduced in the same size as other logos used.
- Before each production or publication of articles, brochures, social media posts, flyers, etc., approval for the use, design, size, and placement of the logos must be obtained.
- Please send the documents to the responsible contact person before publication.

Legal notice:

- **After approval** by the respective institution, the logos can be used free of charge for journalistic/editorial content, on websites and for event information.
- There is no legal right to use the logos.
- Commercial use of the logos, e.g., for merchandise items or items subject to a charge, is prohibited.
- Use of the logos in the context of content relevant to criminal and/or regulatory law as well as content that is denigrating, racist and/or offensive, advertising pornographic media content and sexual services and the like is expressly prohibited.
